DISPOSAL COMPONENTS

				EWC Code	
Hazardous Waste	Commercial Waste	Domestic Waste	Return to Supplier	Recycling	
√			√		

FIRE (hazards & extinguisher type)

	Water Spray	Dry Powder	Foam	CO2	Wet Chemical
Do not inhale explosion and combustion gases. Burning produces heavy smoke. Use suitable breathing apparatus . Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Move undamaged containers from immediate hazard area if it can be done safely.	√			√	

SPILLAGE MEASURES

Do not allow to enter into soil/subsoil. Do not allow to enter into surface water or drains. Retain contaminated washing water and dispose it. In case of gas escape or of entry into waterways, soil or drains, inform the responsible authorities. Suitable material for taking up: absorbing material, organic, sand.

FIRST AID MEASURES

Swallowed	Do NOT induce vomiting. Do not leave victim unattended. Call a physician or poison control centre immediately.
Eyes	In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
Skin	Areas of the body that have - or are only even suspected of having - come into contact with the product must be rinsed immediately with plenty of running water and possibly with soap. Wash with plenty of water and soap. Wash thoroughly the body (shower or bath). Remove contaminated clothing immediately and dispose of safely.
Inhaled	Remove casualty to fresh air and keep warm and at rest.
